

# Purpose Built for Industry

### 100% Hands Free

Voice based operating system with local speech recognition in loud environments.

### Noise Cancellation

Four digital microphones and advanced algorithms – performs at 100dB.

### Powerful Audio

Integrated speakers and 3.5mm audio jack for use with hearing protection.

### Outdoor Display

Appears size of 7" tablet, viewable in bright sunlight.

### PPE Compatible

Designed to work with standard hard helmets, bump caps and safety glasses.

### Tablet Class Power

Qualcomm Snapdragon™ 625, Android 8.1 & Secure.

# Fully Rugged Performance

## Water Resistant

IP66 – Protected against heavy seas or powerful jets of water.

## Dust Tight

IP66 – Complete protection against the ingress of micro particles.

## Drop Proof

Resistant to 2-meter drops onto concrete from any angle.

## Built Rugged

Fully operational from -20° C to +50° C, MIL-STD-810G.

## Full Shift Internal Battery

Field swappable for continuous use.

## 15,000 Cycles

Moving parts stand up to heavy use.
